ABOUT ME

I am passionate about everything related to the world of technology and software development, a sector in constant change and progress in which I do not stop learning. I define myself as a curious, tenacious person, with initiative, capacity for analysis and results orientation skills.

EXPERIENCE

2022

Advanced Web Programming Professor

- University of Pinar del Rio "Hermanos Saiz"
 - I work as professor in the Computer Science Department, where I am responsible for teaching subjects in the programming branch.

2022

Frontend Engineer

- CRAI Group of the University of Pinar del Rio "Hermanos Saiz"
 - Authored code fixes and enhancements for inclusion in future code releases and patches.

2018

Full Stack Developer

- Research Group "Vliruos"
 - Give assistance in all stages of the systems development lifecycle, from requirements gathering to production releases.
 - Collaboration with other developers to identify and alleviate the number of bugs and flaws in the software production releases.

Dec 2021
